IMPORTANT REMINDERS

- March Character Counts Theme: **Cooperation**
- Congratulations to our monthly *golden ticket winner*: Sophia Herr, Jordan Hambleton and Dillon Pringle
- *Reminder...* pack a water bottle for school every day **and** charge your laptops *nightly*.
- Students should **not** be utilizing school issued laptops at home for any reason other than to complete teacher assigned **digital homework**.

Always remember, today was built yesterday. - Anonymous

Welcome!

Fourth Grade Families, we have six full weeks left in the third marking period! Despite the wacky weather, I am looking forward to all the exciting and fun virtual assemblies and projects we have planned in the month of March. March 13th also marks one year since we were sent home due to the devastating pandemic.

In social studies, we will continue our Historical People, Places and Events Unit. Students will learn about the French and Indian War, Declaration of Independence, the Liberty Bell, Betsy Ross, Benjamin Franklin, Thomas Jefferson, and the First Continental Congress.

In math we will continue with our Geometry Unit. We will be learning how to decompose angles and how to properly use our protractors. We will then learn about polygons and area and perimeter of both regular and irregular shapes.

In language arts, students will complete a fictional literature unit. They will compare and contrast an event or topic from two different viewpoints. They will then explore our next grammar unit, adjectives. Students will learn about the eight different types of adjectives and how to accurately place them in order.

Should you have any questions or concerns at any time, please feel free to contact me via phone, seesaw, or e-mail. Thank you for all you do!
